

POINTS OF PRIDE #25

01 JOURNEY FAIR

Crowley ISD believes our employees are the critical piece in fulfilling our district's mission and goals and that's why we are committed to retaining our current employees and finding the best new hires. So, if you want to be a part of a district that acts like a family and works like a team, stop by our Journey Fair this Saturday at 9 a.m. at the Bill R. Johnson CTE Center.

02 BILL R. JOHNSON CTE

Congratulations to Bill R. Johnson CTE Center students Salma Bankole, Donavon Wallace, Kinzley Rawlston, Travel Nguyen and Harriet Mangum who claimed SkillsUSA State Championship accolades in the culinary arts quiz bowl division at the 2023 SkillsUSA TX Championships. We are Crowley Proud of you!

03 STEM EARTH DAY

April 6 was STEM Earth Day in Crowley ISD as students at every elementary school in our district took part in lessons and activities about our environment. Throughout the day, students heard from female architects, engineers and much more as a part of Crowley ISD's Women in STEM Day and our commitment to STEM Plus for All.

04 HONOR CHOIR

Parents and community members packed the house on Tuesday, March 28 to learn about our plans for the district. The evening included special performances from the Crowley ISD Honor Choir and delicious food served by our culinary arts students. Guests heard the State of the District and discussed the Bond 2023 proposal. We are excited about what's to come!

05 VOTER REGISTRATION

Shout out to our community partners at March to the Poles and our in-house Deputy Registrars Rashad Muhammad and Tamika Williams for helping us register 235 Crowley ISD senior students over the last few weeks. We love seeing our students engaged in this real-world civics lesson as they prepare for the May 6 election.

06 NORTH CROWLEY 9TH

During the month of March, the North Crowley 9th Grade Panther Pearls volunteered at Strengthening Families Inc., a non-profit organization that provides assistance to disadvantaged families, and with the Tarrant Area Food Bank. The girls sorted items, packaged and boxed dry goods and learned the importance of service. Great job ladies!

07 Crowley Collegiate Academy

Congratulations to Crowley Collegiate Academy junior Edidiong Ekong on being named a 2023 Princeton Prize in Race Relations recipient. Ekong is one of only 29 students in the United States to receive the prestigious honor. The Princeton Prize in Race Relations recognizes and rewards high school students who, through their volunteer activities, have undertaken significant efforts to advance racial equity and understanding in their schools or communities.
