

CROWLEY ISD ADMINISTRATIVE REGULATION

Board Policy: CNA(Local)

Date Effective: 1/15/2008

RE Transportation Management-Special Education Students

Eligibility:

The District shall provide special transportation to students with disabilities as required by their Individualized Education Program that special transportation is needed in order for the student to access special education services.

Bus Disembarkation:

Students who are provided special transportation shall board and disembark the bus at their designated residence. The driver will only release the student to disembark the bus to the parent/guardian unless the parent/guardian determines that the student is capable of being released without adult supervision. The decision to release the student without adult supervision shall be determined at the ARD committee meeting with the parent's/guardian's written acknowledgement of consent to do so.

If the parent/guardian determines that adult supervision is required to disembark the bus they will be required to meet the student at the time the bus arrives at the designated residence. If the parent/guardian is not present to receive the student, the student will remain on the bus while the transportation department seeks to contact the parent/guardian or emergency contact person.

Safety Precautions:

Within one hour of the route's end or no later than 5:00 p.m., the transportation department will call the police department and child protective services to intervene on behalf of the child.
