RE: SECONDARY TAKS/STAAR TUTORIAL PROGRAM

For students who fail to demonstrate mastery on a reading, language arts, math, science, or social studies TAKS / STAAR test, the campus will provide remediation services that can include tutorial opportunities and / or the placement of the students in a TAKS / STAAR tutorial lab the following semester, among other opportunities. Senior students (students in the 12th grade) shall not be scheduled in a TAKS / STAAR tutorial lab if it prevents them from earning a credit that is required for graduation.
